

To Our Valued Patients

Please be advised...

Our new patient notification system will automatically call and remind you in advance of your upcoming appointment.

When you answer the call you will have to press <1> to hear the notification

Once you hear the notification you will be prompted to press <1> to confirm, press <2> to reschedule or press <3> to cancel your appointment.

Please make sure to respond so we can be ready for you on your appointment day or call you for rescheduling.

If you have any questions or do not understand the instructions, please feel free to call our office.

If you are a text or email user we can also send you a reminder to your phone or email address we have on file. Just let us know and we set you up with one or all of the options.

Thanks!
